—A runaway in which Walter Crouch and Jacob Whitmore, of East Hickory, figured came near resulting seriously for both yesterday morning about 9:30 while they were driving to this place. By some means the thills became partly detached from the vehicle at the lower end of the Narrows, causing the horse to take fright and run away, throwing the occupants out and seriously bruising both, but fortunately neither was seriously injured. Mr. Crouch was able to get back home with some difficulty and Mr. Whitmore came on to Tionesta and received medical attention. The horse was caught at the County Home. The buggy was quite badly smashed.

—Adolph Blum, who is employed in the National Transit Company Shops in Oil City, was very painfully burned about the face and neck while at work just before noon Monday. He was in the act of lighting the gas in an oven to dry out some cores. Igniting some paper he opened the oven door and threw in the paper. An explosion followed which lifted him from his feet and landed him 20 feet away. The flames scorched him in a painful manner, but fortunately his eyes were not burned. He was attended by Dr. Siggins. It is said the gas had been escaping in the oven since Friday. Adolph came to his home here Tuesday morning and his injuries will lay him up for some time.

—"Guilty of murder in the second degree and recommended to the mercy of the court" was the verdict returned against Eugene Tallman in court at Erie, Pa., Sunday morning. Tallman was convicted of shooting and killing John May, a prosperous farmer of Girard township, Erie county, on the night of November 30, 1909. The case was one of the hardest fought battles ever witnessed in the courts of Erie county and the conviction was almost purely upon circumstantial evidence. Tallman was one of four men who planned the affair and stole a fine team of gray horses from Amos Shotts, of Tylersburg, on the night of Sept. 24, 1909, and for which a man named Thomas was convicted and sentenced to the penitentiary.

—Halley's comet, in all its glory and sporting its enormous "tail," has been seen by many of our people during the past week. Friday morning fully a hundred persons, old and young arose between one and two o'clock and walked a mile up the German Hill road to the Proper farm, where a good view was had of the celestial wonder. The comet rose into view about three o'clock and was plainly visible for the greater part of an hour. The sky was very clear and the tail of the comet was visible for some time before the star itself hove into sight. There was some disappointment that the comet did not present a brighter appearance, but the crowd as a whole felt well repaid for any discomfort sustained on account of its early morning pilgrimage. A crowd had been up on the hill Thursday morning, but the condition of the weather was not so favorable for a good view of the comet, although it could be seen. From May 20th to 23d it will be at its brightest in the northwest after sunset, though a tail of great length is not probably. It sets two hours after the sun, May 21st three hours May 23d, four hours May 27th, and fades from naked-eye view within the next fortnight.

She was quite badly bruised about the body and head and for a time there were fears of internal injuries, but she is improving now. Her mother, Mrs. A. C. Beringer, of Balliet, is with her. Burned to Death Near Endeavor.
Frank Natario, an Italian section hand on the Hickory Valley Railroad, was burned to death in a fire which destroyed a dwelling house at one of the logging camps at Queen, above Endeavor, at an early hour last Wednesday morning. With five of his countrymen the unfortunate man occupied one of the company houses, a two-story board structure. As is their custom the men had built up a fire and placed some food on the stove to be cooked for their breakfast. They had then gone to bed in the second story. It is supposed the stove became overheated and set fire to the house, as when the men were awakened at 12:30 the flames were making great headway. Five of the men rushed down stairs through the fire and smoke and got out in safety, but Natario remained behind to save \$65 and a watch which he was known to have, and was caught in the flames. After the fire had burned out his body was found near the door. Only the trunk remained, the head, arms and legs being burned off. The other men also lost all their belongings and said all would have been burned had they slept five minutes longer. Natario was 21 years and had resided there and been employed by the company for the past five years. He leaves no relatives in this country but has a brother in Italy. The company made all the necessary arrangements and the body was brought to East Hickory Wednesday evening, where an arrangement was made in the East Hickory cemetery. The company's loss on the house will be small, it being one of the cheap houses usually erected in the camps.

Free Methodist Church Dedicated.
The new Free Methodist church in Tionesta was dedicated last Sunday morning in the presence of a large concourse of friends, many parts of the county being represented. The services of the day, which began with the love feast at 9:00 a. m., were in charge of Rev. M. B. Miller, District Elder, and he was ably assisted by the pastor, Rev. E. L. Monroe. This was followed at 10:30 by the dedicatory service, the sermon being delivered by Bishop Wm. Pierce. The bishop is a scholarly and eloquent divine and for more than an hour held the closest attention of the large congregation, basing his remarks on the text as found in a part of Ezra 7:23, as follows: "Whoever is commanded by the God of heaven, let it be diligently done for the house of the God of heaven." A debt of \$1,500 remaining on the building was raised in a short time by popular subscription and the beautiful structure was consecrated to the worship and service of God free of any incumbrance, the dedicatory service consisting simply of a prayer by the bishop. At the Sunday evening service the sermon was delivered by Rev. D. B. Tobey. Bishop Pierce occupied the pulpit of the M. E. church in the evening, giving a large audience a powerful sermon from the text as found in St. John 10:10: "I am come that they might have life, and that they might have it more abundantly."
Beginning on Tuesday evening previous services were held each night of the week, also morning and afternoon. At the district quarterly conference held Saturday morning it was decided to hold the annual campmeeting at Pleasantville, beginning Thursday, July 28, and closing Sunday, August 7. Bishop Walter A. Sellow, of Jamestown, N. Y., and Rev. W. B. Olmstead, Sunday school secretary and evangelist, of Chicago, Ill., are the special speakers outside the district invited to assist at the campmeeting.
Following is a list of the ministers from out of town who were present during the week: Bishop Wm. Pierce, Titusville; Rev. M. B. Miller, D. E., Rev. W. J. Barkas, Franklin; Rev. D. R. Tobey, Oil City; Rev. A. H. M. Zahniser, Yonkersville; Rev. G. A. Garrett, Siverly; Rev. F. N. Fox, Mrs. May B. Fox, Titusville; Rev. H. E. Grill, Tidioute; Rev. F. A. Reese, Jamison; Rev. C. E. Weaver, Pleasantville; Rev. A. J. Horner, Mayburg, and Rev. Howard Hepler, Strattanville.

Oil Property Burned.
As a result of a bad forest fire which swept through the woods on Poverty Hill, Harmony township, Tuesday forenoon, much valuable oil property was burned. The fire started near the Fogle Farm between 9 and 10 o'clock and is supposed to have been caused by sparks from the McCabe Bros. logging locomotive. A high wind fanned the flames and swept them through the woods with irresistible force, an area of three or four miles being covered before the fire could be checked. The heaviest losses are as follows: M. N. Gilbert, of West Hickory, on the Watson farm lease. He had six wells rigged up and a 60-barrel storage tank with about 40 barrels of oil. Everything went but the power house, which was built on a big rock and protected. On the Erb lease, owned by Mr. Nason, of Hydetoan, were six or eight wells and a small saw mill. The mill was saved. The O'Hara lease, owned by E. O. Paquinot, of Tidioute, had four wells. Wilbur Scofield, of Pleasantville, had between 30 and 40 wells and several powers on the Watson farm lease. Our informant could not give the exact losses on the last three properties, but says the house and barn of Glenn Dibbie, the pumper on the Scofield property, were saved after a hard fight. All but one of the powers on this lease were gone. The losses in the field will probably be quite heavy. A large force of men was out to fight the fire and the soaking rain of last night would quench all remaining fires.
